Testimonials

Sandra McGury, 2019:

If you are considering becoming a vinyasa yoga teacher, I recommend HY's YTT for an invaluable experience. Of course, the instructors are experts in their fields and do their very best to teach you the foundations you need to become a good teacher yourself, but that's a given. What made my training at HY so memorable is much more than the certificate at the end of the semester. After the first two sessions, the cohort was a family, a safe space, and the training became a shared journey with nobody left behind. Without the strength of my fellow trainees, I would not have been able to pull through. We all came out of this training better, more considerate, patient and understanding people than we were at the beginning.

Grace Hennessy, 2019:

After over 4 years of practicing yoga as a student, I decided to take Highland Yoga's training to become a teacher. The training gave me invaluable knowledge about alignment, breath, and how to effectively and safely guide students through a yoga class. In addition, I learned lots of bonus content in anatomy, prenatal yoga, meditation, and many other interesting and relevant topics.

Highland yoga's teacher training taught this perfectionist to embrace imperfections, be comfortable in the discomfort, and to shift my focus towards the present moment. On top of it all, I made connections with people with whom I'll be lifelong friends.

The instructors take a genuine interest in developing the trainees into the best yoga teachers they can be and I feel so fortunate to have gone through this training through Highland Yoga with them.

Testimonials

Cari Goldberg, 2025

After years of consideration, I finally decided to pursue Highland Yoga's Teacher Training, and I'm so grateful that I did because it turned out to be one of the most profound and transformative experiences of my life.

I went into the training expecting to gain extensive knowledge of the practice, from history to anatomy to class structure to meditation and teaching best practices from experienced teachers. I gained all of that and more, but what I didn't expect was the personal growth journey that would unfold along the way.

As with any yoga class, the lessons of this training extend far past your practice on the mat. I learned how to embrace vulnerability and discomfort, use my voice, and show up authentically. My instructors genuinely cared about me and equipped me with the tools and confidence I needed to teach, while challenging me to fulfill my highest potential. My fellow trainees and all the Highland Yoga teachers I met along the way supported and encouraged me.

This training requires hard work, dedication, and a willingness to step outside your comfort zone, but every single moment is 100% worth it. This program brought me home to myself and for that I will be forever grateful. Today, as a Highland Yoga teacher, I feel confident in my teaching abilities because of my strong foundation and the space I am given to teach from a place of authenticity.
