TESTIMONIALS

Sandra McGury, 2019:

If you are considering becoming a vinyasa yoga teacher, I recommend HY's YTT for an invaluable experience. Of course, the instructors are experts in their fields and do their very best to teach you the foundations you need to become a good teacher yourself, but that's a given. What made my training at HY so memorable is much more than the certificate at the end of the semester. After the first two sessions, the cohort was a family, a safe space, and the training became a shared journey with nobody left behind. Without the strength of my fellow trainees, I would not have been able to pull through. We all came out of this training better, more considerate, patient and understanding people than we were at the beginning.

Grace Hennessy, 2019:

After over 4 years of practicing yoga as a student, I decided to take Highland Yoga's training to become a teacher. The training gave me invaluable knowledge about alignment, breath, and how to effectively and safely guide students through a yoga class. In addition, I learned lots of bonus content in anatomy, prenatal yoga, meditation, and many other interesting and relevant topics.

Highland yoga's teacher training taught this perfectionist to embrace imperfections, be comfortable in the discomfort, and to shift my focus towards the present moment. On top of it all, I made connections with people with whom I'll be lifelong friends.

The instructors take a genuine interest in developing the trainees into the best yoga teachers they can be and I feel so fortunate to have gone through this training through Highland Yoga with them.
